

THE SCHOOL OF GLOBAL ENVIRONMENTAL SUSTAINABILITY
ANTARCTIC LECTURE SERIES PRESENTS...

Remember the OZONE HOLE?

TERRY DESHLER

Atmospheric Science
University of Wyoming

Where does the ozone hole occur? Why there? What causes it? Is it still occurring? For how much longer? How is it related to CFCs? What happened to CFCs? Come and test your knowledge at an interactive lecture led by Terry Deshler, Professor Emeritus, University of Wyoming.

OCT 21st

7:00 - 8:00 PM
FORT COLLINS LIBRARY
